Foreword

Introduction

The Twenty-seventh elections for the Brisbane City Council were held on Saturday, 27 March 2004 for the purpose of electing a Lord Mayor for the City of Brisbane and Councillors for each of the 26 Wards. The Elections were held in accordance with the provisions of the *City of Brisbane Act 1924*, the *Local Government Act 1993* and the *Electoral Act 1992*.

On 13 March 2003, the Brisbane City Council entered into an Agreement with the Electoral Commission of Queensland (ECQ), in accordance with Section 17A of the *City of Brisbane Act 1924*, for the conduct of the elections by the Commission.

In accordance with section 277 of the *Local Government Act 1993*, the cut-off day for the voters' rolls for the elections was Saturday, 31 January 2004 and 617,854 electors were enrolled for the elections.

On Saturday, 21 February 2004, a "Notice of Election" was placed in the Courier Mail newspaper calling for nominations.

By the close of nominations at 12.00 noon on Tuesday 9 March 2004, 6 Mayoral and 76 Councillor candidate nominations had been lodged.

Polling was conducted on 27 March 2004 and following counting of all eligible votes through to the cut-off for receipt of postal votes, 6 April 2004, the results of the elections were gazetted on Thursday 8 April 2004.

The Election Timetable is at **Appendix "A"**.

ECQ Management

The planning for and conduct of the elections was managed by the full-time staff of the Commission. Council appointed a full-time liaison officer for some three months to work with the ECQ to ensure that operational activities were co-ordinated in a timely manner.

The clash of election dates with those of the State general election held in February 2004 created some difficulties for the Commission but the skills and application of the staff involved saw all such difficulties overcome. Of concern was the confusion experienced by some electors regarding the roll close dates for these two events. With the State rolls closing on 19 January and the Council rolls closing on the statutory date of 31 January, the rolls for both elections overlapped. It is also normal for many electors to lodge enrolment forms at polling booths on election day and those forms lodged on 7 February for the State election were not able to be included in the Council rolls. Such overlap should be avoided in future and this is a matter that should be addressed by government as a policy matter.

Following changes to the Electoral Act in 2002, How-to-Vote cards for candidates and parties had to be lodged with the Commission by 5:00pm on 19 March 2004. There were no problems with compliance with this requirement.

Returning Officers and Support Staff

A Returning Officer was appointed for each of the 26 Wards. The details of the Returning Officers are shown at **Appendix "B"**. Some 1,900 support staff assisted on a casual basis to take the votes of electors on polling day. Returning Officers operated from rented premises or from their homes. Again, the overlap with the State election was a management issue with 24 Returning Officers being involved in the conduct of the State election.

Polling Booths

332 ordinary polling booths were established across the 26 Wards. Venues were selected for their commonality with State and Federal booths, location, facilities and accessibility. Joint booths were established, where appropriate, to cater for electors living close to Ward boundaries. A polling booth for all Wards was established at Brisbane City Hall on polling day. **Appendix "C"** lists the location of polling booths used for the elections.

Mobile Polling Booths (Declared Institutions) were established in hospitals, nursing homes and some retirement villages and **Appendix "C"** includes these centres.

While there was city-wide absent voting available, and 29,089 such votes were received, electors enrolled for local authorities other than Brisbane City Council were not able to vote in Brisbane on polling day.

Pre-Poll and Postal Voting

The *Electoral Act 1992* provides for pre-poll centres to be established to allow electors who are unable to vote at a Brisbane City Council polling booth on polling day, to cast a pre-poll (in person) vote.

The Brisbane City Hall was established as a pre-poll centre during the 2 week period prior to the elections. Pre-poll voting facilities were also available at ECQ's Head Office and Magistrates Courts offices at Bundaberg, Cairns, Gladstone, Ipswich, Mackay, Maryborough, Rockhampton, Toowoomba and Townsville.

A total of 8,036 Ballot Papers were issued from these centres, including 7,137 from Brisbane City Hall.

Pre-poll (in person) voting was also available during the same period at the place of operation for each of the City's 26 Returning Officers and 10,358 votes were issued at these venues.

Following the trends from previous elections, postal voting increased at the 2004 elections. A total of 36,091 postal votes were counted, an increase of 5,661 or 18.6%.

Public Awareness

Council undertook to conduct appropriate advertising of the election activities using print and radio outlets. ECQ placed the necessary statutory advertising relating to the notice of election, polling booths and candidates list. The Council website included a comprehensive array of election data aimed at electors and media and provided election results after 6pm on polling night. Council utilised their existing Call Centre for the majority of elector calls and referred any complex calls to ECQ. Over the election period, the Call Centre received some 13,300 enquiries. Media enquiries related to election matters were all passed to the Electoral Commissioner for response.

A Tally Room, jointly managed by the Council and ECQ was established at the City Hall on 27 March. Access to the Tally Room was a Council responsibility.

Voter Turnout

Details of results by vote type are included in the Appendices. Turnout for these elections based on Mayoral counts was 86.36%, a decrease from the 2000 elections where turnout was 86.70%. On 17 May 2004, the Council's Civic Cabinet resolved that there would be no action taken against electors who appear not to have voted.

Conclusion

The elections were conducted within all required timeframes and within the budget agreed with Council. I wish to record my thanks to the staff of the Commission for a job well done. The assistance provided by Council officers was vital and greatly appreciated.

Voter turnout was strongest for the 61 and over age group (90.86%) and weakest in the 21-30 age group (74.95%). The table at **Appendix "K"** provides a breakdown of voters and non-voters by age group for each of the 26 Wards.

The following is a summary of the types of votes cast at the elections. These figures are based on Mayoral results:
